

Cleopatra

Cleopatra is a 243 Line slot with regular gameplay. The game offers 5 reels (3 rows and 243 pay lines).

Prizes are won when at least 3 similar symbols show up on 3 reels (in succession from left most to right). Each symbol has its own value. To check the symbol's value just look at your "payout overview" which you can find through the 'i' (information) button. The payouts as shown in the pay table are given in coins. The total amount won shows up at 'win'.

Note: only the highest amount won per payline will be paid.

Gameplay

First determine the bet, which can be increased or decreased at 'coin value' in the bottom right-hand corner. At Cleopatra the number of coins bet per spin is always 25. Therefore the total bet will always be the coin value multiplied by 25. The total bet is shown at the right-hand side of the spin button.

Cleopatra doesn't contain a 'Max bet' or 'Autoplay' option. Use the SPIN button in the bottom centre to start the spin. The game contains a Wild Symbol, Blast Feature, two bonus games and a multiplier feature.

Wild Symbol

The Wild symbol substitutes for all other symbols except for Bonus symbols. Press the spin button after receiving a wild symbol. The wild symbol and the connected will be replaced by new symbols, causing new chances of winnings.

Blast Feature

The special blast feature will be activated randomly during the spins in the

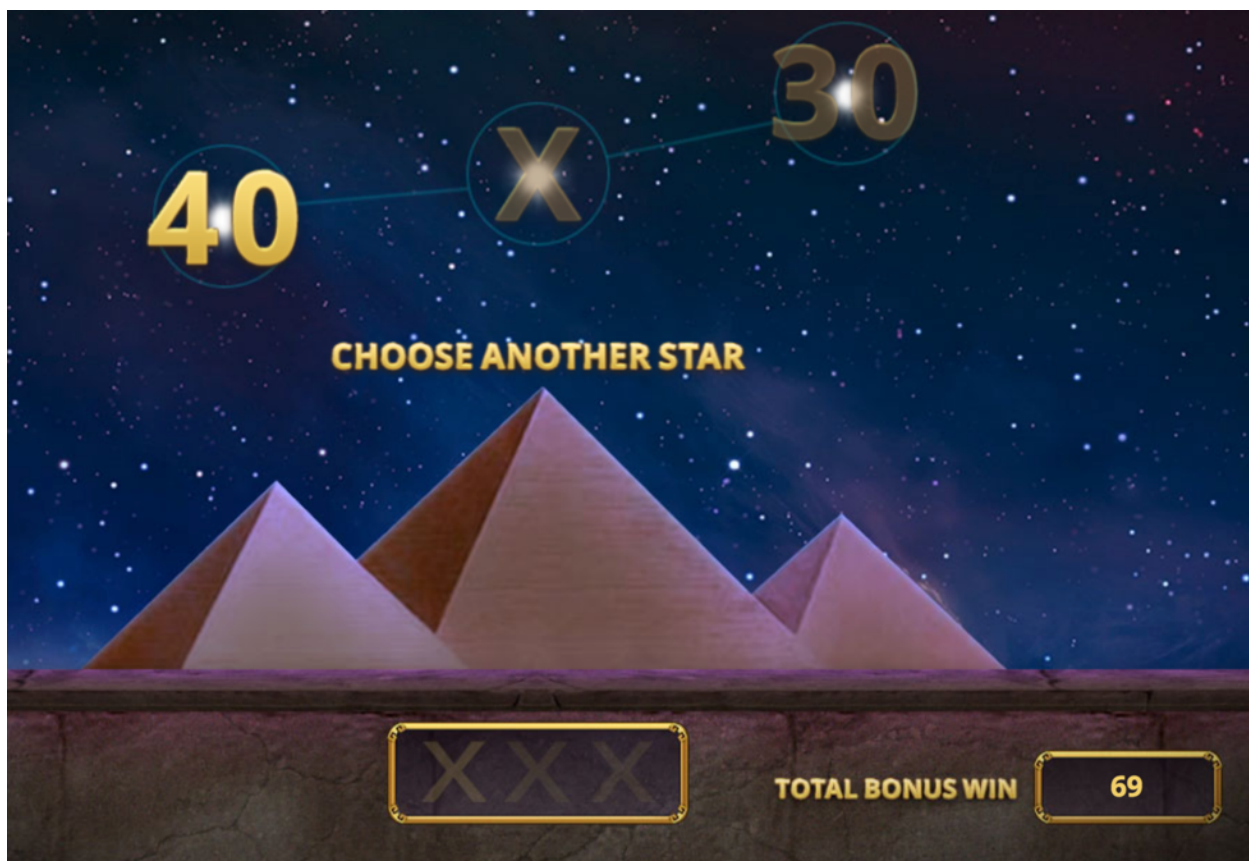

main game. One or more Blast Symbols may appear on the reels during a spin. The blast feature is a Wild Stuck symbol and stay on the reel after spins that have been resulted in a winning and as long as no fire blast will be activated.

When the fire blast is activated the blast symbol explodes causing a fire blast in a random directing which is taking out all symbols in that direction, these symbols will be replaced by new symbols.

Bonus Game 1

When three or more bonus game symbols appear anywhere on the reels the bonus game will be activated.

During the bonus game you get can pick one out of three stars from Orions Belt. Two stars will give a prize, one of them a cross. The value of the star you picked will be added to your total bonus win. When you picked the cross, a cross will be added to your cross bar. When you collected three crosses, the bonus game ends and the funds you collected will be added to your balance.

Bonus Game 2

When at least three Tutankhamun symbols appear anywhere on the reels the Tutankhamun Bonus game will be triggered. The bonus game shows three sarcophaguses.

During the bonus game you can pick sarcophaguses. The prize in the sarcophagus will be added to the corresponding prize field on the right. The bonus game ends when you completed one row. The value of that row will be your bonus winnings.

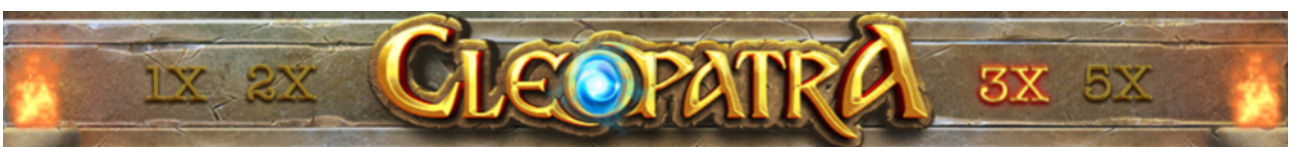

Dropping symbols

Press the spin button after a win and the winnings symbols will explode. New symbols will drop down from above, possibly causing new winnings.

Multiplier feature

Every time you win a prize your multiplier increases, with a maximum of 5x. The multiplier will multiply the prize you win after the new symbols dropped. The multiplier will be removed after a spin in which no prize has been won.

The multiplier does not count for prizes you received in a bonus game.
