How the scratch cards work:

Click on the scratch card of your choice. You will then see a button which says "Buy Card". When you click on this button, you buy the scratch card. Once you've bought the card, you can scratch it off. You can scratch per symbol by clicking on each individual symbol. Or you can also scratch all symbols at once by clicking on "scratch all".

Further on it is explained per scratch card when you win a prize. Depending on the scratch card, your winnings will be credited to your account immediately. Great fun and excitement guaranteed!

The RTP (return rate to the player) of the card is displayed at the bottom right.

The scratch cards use a cryptographic Random Number Generator (RNG) which generates results randomly and gives each gamer an equal chance of winning.
