

### 3 Little Pigs

3 Little Pigs is a videoslot game with regular gameplay and a bonus game. The slot contains 5 reels (3 rows and 20 pay lines). All the lines are active during each spin and there is no available option to lower the number of pay lines. The coin value (bet) is per pay line, so multiply the bet per pay line (20) to calculate the total bet.

Prizes are won when at least 3 similar symbols show up in succession on a pay line (left most to right). Each symbol has its own value. To check the symbol's value just look at your "payout overview" which you can find through the PAYOUT button (located in the upper left hand corner). Note: only the highest amount won per pay line will be paid.

#### Gameplay

First determine the bet, which can be increased or decreased by using the < and > symbols at 'BET' situated here below. The bet as shown at BET is the bet per pay line. At 3 Little Pigs the number of pay lines is always 20 and can't be changed. Therefore the total bet is always the bet per pay line multiplied by 20. Once the bet is set the game can be started by pressing the SPIN button.

#### Max Bet

The highest possible bet per pay line is € 5,00 and since there are 20 pay lines the total bet would then be € 100,00 (maximum bet). A 'max bet' can be set manually by setting a € 5,00 bet per pay line or automatically through clicking on the "MAX BET" button (left hand side of the bets). The max can be switched off at any moment by decreasing the bet per pay line at 'BET'.

#### Autoplay

When Autoplay is active a new spin is started once the previous spin has finished. Press the Autoplay button to activate the Autoplay. Before the Autoplay starts you can determine when the Autoplay will stop. There are a few options to determine when the Autoplay stops. The Autoplay can be set to stop after a determined number of bets, amount of bets, winnings or losses.

When the Autoplay is active 'the Autoplay letters'. Turn off the Autoplay by pressing the same button. The letters will turn white again.

#### Wild symbol

Wild symbols are so called Running Wild symbols at 3 Little Pigs. Wild symbols will substitute for all other symbols except for scatter symbols. There are three Wild symbols

- A house made out of straw
- A house made of wood
- A house made of bricks

When a house of straw appears, the wolf will blow down the house and the house of wood appears on the reel on its right. The wolf will blow down the wooden house as well and a house of stone appears on the reel on its right. The wolf can't blow down the house of stone and the Wild will disappear. During the running Wild the spins are for free.
